VOL. LII: NO. 2 — REDWOOD CITY, CAL., SATURDAY, APRIL 30, 1910. — ESTABLISHED, 1859

Saturday, - - April 30th

Marks the beginning of the Most Marvelous Merchandise Movement ever held in Palo Alto

$50,000 STOCK SUFFERS LOSS

The entire stock of MENDENHALL & WOODS, *without the reservation of one single item*, is placed on sale at a Tremendous Sacrifice owing to the fact that the law provides that upon the death of any member of a firm that the partnership must at once be dissolved and the administrator has called for a settlement of his affairs, which forces this Great Sacrifice Sale right in the heart of the season, when every one expects to pay the best profits.

$10,000 Must Be Raised At Once

Only 15 days in which to raise this amount of money is given and it must be done and the goods must be sold regardless of their cost or their values

For Fifteen Days This Mighty Battle

Will rage and the merchandise selling will be fast and furious, and every dollar's worth of merchandise in the store is subject to the demands of the administrators, and you can realize that it is not a question of profits or cost, but that the merchandise must be converted into money at once.

Don't Let This Few Days' Opportunity Pass

without investigation. Every item in the store has been Remarked in Plain Figures, and every Price has been Reduced to the point where no one can Question as being beyond question the Lowest ever know in Palo Alto.

Our entire New Spring Stock, which was bought prior to this great calamity to the firm is forced on sale, as is eversthing else in the store, at prices you have heretofore been a stranger to but hereafter will always remember. Come every day of the next 15 days and you will find every visit a profitable one.

REMINISCENSES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

The election for State and County officers, which was held September 6, 1871, resulted in the success of almost the entire Republican ticket. While there was a considerable interest manifested in this county and a strong vote representing a total vote of 1570, was brough out, there was less of personal and party bitterness than had been maifested for several years. In this county allof the Republican candidates but two were elected, the two largest majorities being John C. Edgar for sheriff, who beat John Crowley by 293 votes, and for Captain Edward Beals for Public Administrator, whose majority over John Donald was 255. The smallest majority of any on the Republican ticket was for Curtis Baird for Assemblyman, who only beat C. E. Kelly by 49 votes. The two successful Democrats were John E. Tate for County Clerk, whose majority over George H. Rice was 12, and Hannibal Pullen for Assessor, who won by a majority of 36 over E. W. Marston. The successful candidates for Supervisors were as follows: First townsip, Patrick Brooks, second township W. J. Fifield, third township, J. H. Titus, fourth township, James Byrnes, fifth town township, Alexander Gordon, sixth township John Garretson. Of these all were Republicans with the single exception of Brooks.

The annual report of the County Superintendent of Schools for the year ending June 30, 1871 which was not completed until the latter part of September, showed that there were 1731 children between the ages of 5 and 15 years in the county. Of these 1691 attended the public schools and 399 were listed as attendants at private schools, while 241 failed to attend any school during the year. At that time athere were 23 public schools in the county, two of which—one at Redwood City and one at Halfmoon Bay were rated as first grade schools

At that time Redwood City was rather proud of its public school buildings and grounds, which were claimed to compare favorably with the best structures used for similar purposes in any of the interor cities of the State The building, which had been erected some seven years before this at a cost of over $10,000, was still in an excellent state of preservation The grounds upon which the building was located as well as a considerable portion of the cost of the building had been donated by Hon.. Horace Hawes, who had taken a great interest in the school. It was located on the "Island" and with water on both sides and in front and the Southern Pacific Rail road tracks in the rear was sufficiently isolated as to prevent the interferance of school and private interests The building was two stories in height, with ample ventilation and abundance of room. The play grounds were kept in splendid order and were set out with flowers and shurbbery, and was supplied with an abundance of water from artesian wells. Another splendid attraction was the gymnasium, located on the rear portion of the grounds. This was a structure 40 by 100 feet in dimensions, and had been erected at a cost of about $2,000 the money being secured through private subscriptions and the proceeds of entertainments.

Among the news items in the Gazette of September 23d appears the following: "'Born, in Redwood City, September 19th, to Mr and Mrs. J W. Glennan, a daughter."

About the same time appears another item which is just as applicable and pertinent at the present time, when attention was called to the manufacturing facilities of the town in the followingg lines. "Redwood City offers the best inducements to manufacturers of any place on the line of the railroad. The marsh lands in this vicinity can be made as available and even more profitable than many apparently desirable sites for manufacturies."

An other item of statistics: There are fifteen places in RedwoodCity where spirits are sold. And in the same issue this: "Menlo Park Sun-

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Complying with the request of my friends I have decided to become a candidate for the nomination for the office of District Attorney at the Primary Election to be held in August next. This announcement is made for the sole purpose of setting at rest any doubt some may have as to my intention of seeking the nomination at said election.

JAS. T. O'KEEFE.

Eat raisin bread today. You will help foster one of the leading industries of the State and—well raisin bread tastes pretty good anyhow.

Time to Get Together.

The time is at hand when the voters of San Mateo County should begin to seriously consider the local political situation. It is high time that some others than the seekers after the emoluments of the offices should begin to consider the personel of the tickets. If the primary law is not to be made the failure which its enemies hope, every voter in the county must consider it incumbent upon himself to decide upon the selection of the candidates.

In this county this is especially true of the members of the Republican party. San Mateo County contains a very considerable majority of Republican voters and under any reasonable circumstances there is no reason why men of that political faith should not control its affairs. Republicans certainly have no desire that the control of either the State of Nation should pass into the hands of their political opponents, and if they are to retain the power it is also essential that the official conduct of the affairs of the county should be kept in their hands.

Certainly no one will question that the Republican party of San Mateo county numbers among its ranks men fitted to fill every county office with credit and profit to the public and honor to themselves. If men of this character are to be selected, it is essential however that the designation of the ticket should not be left entirely to those who make a business of politics and the division of the spoils.

Nor is there any reason to wait for the scramble for office, or confine the selection solely to the men who are anxious to push themselves forward. Frequently the best men are to be found among those who are not inclined to push themselves forward.

If the voters will but do their duty at the primaries, a ticket will be named that will receive the united support of every Republican voter and the control of county affairs be placed in safe hands. To accomplish this result factional strife, which has too often divided the party in the past must be laid aside The sole consideration must be the question of fitness for the position to be filled. The members of the Democratic party fully realize their numerical weakness and will be but too well pleased to foster division and dissention among their opponents, and even now are laboring to that end. There is no good reason why this should be permitted, no reason why we should permit our opponents to profit by internal annimosities or personal differences.

Menlo Saloon Cases Go Over.

The hearing of the Menlo Park saloon case before the Appellate Court has been postponed and will not come up until May 23d.

The case was to have been argued on Monday but on Saturda y the saloonmen appeared before the court with the statement that new counsel has been employed and asked that the argument be delayed in order that Mr. John Lerman the new attorney, might have time to familiarize himself with the facts of the case. The delay was granted and the case reset as stated.

The regular attorney for the saloonmen, Mr. Thomas, went to Europe some time ago and the saloonmen secured the services of Mr. Lerman, a prominent young attorney of San Francisco.

Will Play Columbia Park.

The manager of the local baseball team has received notice from the booking agency of San Francisco, cancelling the Buffalo Club for next Sunday's game and substituting the Columbia Park boys. It is quite evident that the Buffalos have had chills since last Sunday's score has become known, and they are putting forth the "Ironsides" (for the Columbia Park boys are worthy of that title.) The Columbia boys have just finished a trip through Australia, Hawaii and the South Sea Islands, traveling 30,000 miles, and winning every game played on their tourr. Besides all these victories, they also have the "Examiner" championship in 1908 to their credit. They have played together for seven years and therefore, as can easily be seen, are next to invincible by any amature team.

The local boys, of course, think that they can beat them, and may be they can, but if not, they will certainly give the Columbia Park boys the tussel of their lives, and the greatest ball game of the season will be played on the local diamond next Sunday..

ODD FELLOWS HOLD REUNION

Celebrate Natal Day of the Order With Pleasant District Picnic Outing.

Redwood City took a holiday last Tuesday while its residents joined with the Odd Fellows of this district in the celebration of the 91st anniversary of the institution of that great fraternal Order. To an almost universal extent business of all kinds was laid aside while the population of the city hied itself to the delightful glens of Congress Springs and enjoyed to the fullest extent the hospitality of the Odd Fellows and the restful commune with nature.

Long before the time set for the departure of the excursion trains people, both the young and the aged, with a very large smattering of those who probably would decline to be enumerated with either of the extremes of life, were to be seen happily wending their way to the depot, all laden with packages of good cheer and with faces wreathed in happy anticipations, and by the time the trains reached this city the depot grounds were filled with the happy throngs. Members of the committee in charge of the excursion were early on hand ready to care for the safety and comfort of their guests, and so complete were the arrangements that not the slightest accident nor the least evidence of discomfort marred the pleasures of the day. Every care had been taken in the preparation of the grounds, and although it is estimated that at least 1500 people were in attendance, all found ample accommodation.

Apparently the ride had been conducive of a good appetite, as seemingly by one accord lunch was decided as the first to be considered on the program, and for this every party was provided in abundance. Happy family parties were scattered over the numerous pleasant positions in which tables had been placed, and numerous were the invitations extended to the lonesome swain and the neglectedg bachelor. The discussion of this important part of the days festivities occupied the attention of the merry throng until somewhat after the noon hour.

During the afternoon the guests and members of the Order were not allowed to suffer from a dull moment. What with dancing to excellent music on the large platform, which had been thoughtfully screened to intersept the too piercing rays of the sun, and the numerous games which had been provided there was attraction for all, and a cynic indeed must have been t he person who could not find enjoyment suited to his desires.

While no special attempt had been made at a literary program, the picnicers were treated to a few moments of pleasure in listening to an address by Past Grand George C. Ross, of Redwood City Lodge. No special appointment had been made for this part of the program, but as usual the members of the committee found Mr. Ross ready to comply with their request for his welcome assistance, and although speaking extemporaneously and without preparation, he held the wrapt attention of his audience during the few moments he dwelt upon the character and work of the great Order to which he is attached by ties of long association.

Before entering directly upon the discussion of his main thought Mr. Ross took occasion to congratulate the members of the Order in this district upon the apparent fact that the assemblage present was composed largely of the same faces as was seen at a similar gathering of a year ago, thus evidencing the general approval of the conduct of public affairs given under their direction. At the same time he took occasion to revive happy memories among some of the pioneer members of the Order in this district by happy references to the old time gatherings on the aniversary day at Fingers Park, dear to the memory of all old settlers.

Taking for his theme the carednal principle of the Order—Friendship, Love and Truth, Mr. Ross dwelt especially upon the values of true Friendship, which leads to Love and through it is the main spring of Truth in all associations of life. This gathering he likened to the elements of that great principle of the Order, saying that people were here to cultivate that feeling of friendship and association, to strengthen the tie which binds neighbor to neigborh. Another element of pride in the Order tipified by the present assemblage, was the fact that Odd Fellowship attached to itself the great middle class of the world, those workers in life upon whose brawn and brain society must lean for its true support Following, the speaker dwelt upon the close social ties of the Order, urging that all should endeavor to get the best there is of true enjoyment of the present. The real pleasure of life were for those who grasp the opportunities of the hour not for the sordid one who waits for the brightness of life until the morrow. Such gatherings as this promote good fellowship and hospitality, and do much to soothe the little asperities of life.

On the return trip many expressions of commendation were heard for the splendid efforts of the committees in charge of the outing. Praise for the careful consideration shown for the comfort of all were heard on every side, while the suggestionwas frequently heard that these outings should be repeated by the members of the Order at each recurrence of the anniversary and that once more it should be made one of the annual holidays of the district.

Judge Sloss Seeks Renomination

Judge M. C. Sloss, Associate Justice of the Supreme Court of the State of California, has announced his candidacy for re-election to that important office. Probably no man who has ever occupied a public office finished his first term with so many friends and loyal supporters. His masterful handling of difficult legal problems, his fairness and courtesy to all has won him a host of friends.

There will be no sectionalism or politics in Judge Sloss' campaign. The entire state is equally interested in him, his work and his future. There are already expressions of support from the Southland as well as the North, and many of the most prominent lawyers and business men are active workers in his behalf.

An executive committee, which has charge of Judge Sloss' campaign for re-election, has opened offices in the Alaska Commercial Building, Sansome and California streets, San Francisco, and work has already begun securing signatures to the direct primary petitions.

WILL BE A BIG TIME

Committees Rapidly Perfecting Their Plans for Huge Celebration.

Under the energetic supervision of Director General Lovie arrangements for Redwood City's big Fourth of July celebration are rapidly being whipped into shape. All of the committees are hard at work, and results of their efforts are beginning to be apparent. From reports already received, it is assured that the Fourth will witness by far the largest gathering that has ever been held in San Mateo County.Many of the local lodges of the fraternal orders have already received assurances of large delegations from all parts of the county, and there is every reason to predict that the parade of the fraternities will form an imposing and attractive part of the big procession which is being planned. One of the especially notable features in this line will be the appearance of the San Mateo Lodge of Elks, who have signified their intention of attending with their magnificent drill corps, which is considered one of the best organizations of its character in this part of the state.

It is also a certainty that there will be an abundance of good music an important part of a celebration of this character. Arrangements have been practically completed by Director General Lovie for three of the best bands in this section, while at least one or two others are being considered.

Late information from San Mateo indicates that practically the entire population of that lively town will be with us on the Fourth. It has been definitely announced that the contemplated baseball game which was to have been held there between the Modesto and San Mateo teams on the Fourth has been abandoned. This in itself will be an assurance of the attendance of the sport loving element of our neighboring city, all of whom will be anxious to witness the splendid contests of the firemens tournament which will constitute the leading feature of the afternoon.

Another important matter that has received attention is the caring for the wants of a large crowd, such as is certain to be in attendance. This in itself is no easy task, but it is now certain that all who come will be provided for and that there will be no possibility of extortion in charges. Arrangements have been practically completed with one of the most experienced caterers to provide for the multitude and this with a guarantee that there will be no increase in the usual prices. With the completion of this arrangement it will be possible to assure the prompt service of meals to at least 1600 people in addition to those who can well be cared for by local people.

The booster buttons, prepared by the publicity committee have arrived and have been placed on sale in all the stores. Every resident o Redwood City should make it a point to secure one of these buttons and to wear it conspicuously from now until the Fourth. Get a booster button and keep it before your friends wherever you go that the Fourth in Redwood City will be the big time of the county.

Another splendid means of advertising the Celebration is the use of the publicity envelopes which have been designed by the committee. These are on sale at the stationery stores and at the Times-Gazette office and should be used by every citizen in their correspondence. Wherever a letter may go inclosed in one of these envelopes it will not only be an advertisement of the great celebration, but will do much to attract the attention of strangers to this city.

It is beyond question one of the finest groves of live oak trees that has ever been put on the market in large acreage lots in this vicinity. There are twelve lots ranging in size from one and a half acres to four acres, and on no lot is there less than a dozen live oaks, while some have three times that number. The soil is a friable loam and is very fertile. WILL DEBATE SAN JOSE

Pupils of Sequoia High Prepare to Meet Strong Opponents.

The Sequoia Union High School some time ago became a member of the Santa Clara Valley Debating League On Saturday, April 16th, delegates met in San Jose at the High School to apportion questions and to match teams. The delegates from this school were Miss Caroline Doxsee and Principal S. P. McCrea.

Each school represented was permitted to cast three votes for its first choice of questions, and two votes for its second choice. The question receiving the greatest number of votes was, "Resolved, that the United States Government should own and operate the railroads within its borders." The schools were then matched by lot, and it so happens that Sequoia is matched with San Jose for the evening of May 7th.

Under the rules of the League a double team is chosen, composed of two members each, and two debates take place the same night—one at each of the competing schools.

On April 15th a try-out was held at our local school and seven students strove for places on the teams. The competitors were Jessie Smith, Caroline Doxsee, Florence Leake, Carl Stener, Roy Woodhams, Dudley Pitcher and Ray Griffin. The judges, Rev. C. C. Kirtland, Superintendent Roy W. Cloud and Mr. E. B. Meyers, chose Jessie Smith, Caroline Doxsee, Ray Griffin and Roy Woodhams to represent the school in the double contest with San Jose on May 7th.

According to the rules the "home" team, composed of Caroline Doxsee and Ray Griffin, will support the affirmative of the Railroad question on the evening of May 7th in the assembly hall of our High School. The same evening Jessie Smith and Ray Woodhams, accompanied by Miss Swain and Miss Wolfenden and as many students as can make the trip, will debate the negative side of the question at San Jose.

While it may seem presumption for a little school of less than 100 to enter into such a contest with a school having an enrollment of about 1,200, there is no particular reason to be discouraged, especially in view of what has taken place in the past in our contests. In the Spring of 1905 this school beat San Jose in a debating contest, and a little cup, on which is recorded that fact, graces one of the corners of our assembly hall. In the Spring of 1908 Santa Clara, after declining a challenge three years before, challenged us, and was beaten by a team made up of Lourine Anderson, Henry Beeger and Sidney Williams; and another cup recording that fact ornaments another corner of our assembly hall. Then it should not be forgotten that Santa Clara had beaten San Jose in a debate about a month before they challenged our school in 1908.

In this contest there is no trophy. That will probably be a feature of next year's contests. But there is no less reason for our debaters putting forth every exertion. Our reputation for successful debating must be kept up .

The rules of the League prescribe a Board of Judges, made up of three persons from te clientage of each High School. The judges agreed upon must be from communities not involved in the debate, and none of those chosen can be related to any pupil contesting nor to any teacher of either school. Those chosen for the San Jose end of the contest are Rev. George E. Atkinson of Campbell, Judge Charles Thompson and Judge James G. Glendenning both of Santa Clara. For the part of the debate in Redwood City Professor A. B. Shaw and Professor R. M. Alden of Stanford University, and Professor T. F. Huntington of Mountain View formerly of the Stanford faculty will serve as judges An admission fee will probably be charged to meet the necessary expenses, which are considerable.

Hearing Doan's Kidney Pills highly spoken of, I was induced to try them and they proved to be just the remedy my system required. Assessor's Instructions

To Owners of Real Estate and Personal Property

The law requires each and every person who owns any class of property to aunually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where the property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you hold mortgages against others send in a mortgage statement showing amount due on each mortgage on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns his books over to the Board of Supervisors on the first Monday in July. The Board then sets as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.

C. D. HAYWARD,
Assessor San Mateo County.

In the Superior Court of the State of California in and for the County of San Mateo.
